

Eagle Edu

Nurseries, schools & universities

Every child safe, every campus aware.

Eagle Edu helps nurseries, schools and universities keep children and students safe and run their campuses better. It watches staff-to-child ratios, exits and buses, verifies authorised pickups, flags fights and unknown adults, and measures traffic, crowding and room use. Children are never identified by default.

● AT A GLANCE

Supervision Every room, all day	Pickup Verified handovers	Children Never identified	Works in Nurseries • schools • campuses
---	-------------------------------------	-------------------------------------	---

● KEY CAPABILITIES

Privacy first for children

Children are counted and protected, never identified. Face recognition is only used for adults who opt in.

Built for real routines

Rules follow your timetable: arrival, nap time, breaks, dismissal and closing.

Alerts to the right adult

The room teacher, the gate supervisor or the principal gets the alert that matters to them.

Reports parents can trust

Daily supervision and pickup logs support inspections and parent questions.

● USE CASES · 26 (1/2)

Child safety
9

- 01 **Staff-to-child ratio per room**
Count adults and children in every room and alert when the ratio drops below your required level.
[Nurseries & kindergartens](#)

- 02 **Child near an exit or gate**
Alert staff when a child approaches an exit, gate or fence line without an adult nearby.
[Nurseries & kindergartens](#) · [Schools](#)

- 03 **Child left alone in a room**
Detect a child in a room or play area with no adult present.
[Nurseries & kindergartens](#)

- 04 **Child left on the bus**
Check the bus after the last stop and alert if a child is still on board.
[Nurseries & kindergartens](#) · [Schools](#)

- 05 **Climbing and falls in play areas**
Spot children climbing furniture or fences and falls in playgrounds and classrooms.
[Nurseries & kindergartens](#) · [Schools](#)

- 06 **Children near the kitchen, pool or stairs**
Alert when a child enters a hazard zone such as the kitchen, a pool edge or a staircase.
[Nurseries & kindergartens](#)

- 07 **Nap room supervision**
Confirm an adult is present in the nap room for the whole rest period.
[Nurseries & kindergartens](#)

- 08 **Handwashing at the changing station**
Check that staff wash their hands after every nappy change.
[Nurseries & kindergartens](#)

- 09 **Empty-building check at closing**
Confirm every room is empty before the building is locked.
[Nurseries & kindergartens](#) · [Schools](#)

Attendance & access
5

- 10 **Authorised pickup check**
Recognise the registered parent or guardian at pickup and log every handover. Children are not identified.
[Nurseries & kindergartens](#) · [Schools](#)

- 11 **Staff attendance by face**
Teachers and staff check in and out with face recognition, per campus and per shift.
[Schools](#) · [Universities & colleges](#) · [Nurseries & kindergartens](#)

- 12 **Lecture attendance counts**
Count students in every lecture and compare with enrolment, without identifying anyone.
[Universities & colleges](#)

- 13 **Visitor registration**
Register visitors at reception and know where they are on campus and when they left.
[Schools](#) · [Universities & colleges](#)

- 14 **Campus parking by plate**
Open gates for staff and student cars by plate and track parking occupancy.
[Universities & colleges](#) · [Schools](#)

Campus security
5

- 15 **Fights and aggression**
Detect fights and aggressive behaviour in playgrounds, corridors and buses.
[Schools](#) · [Universities & colleges](#)

- 16 **Unknown adult on campus**
Alert when an adult who is not staff or a registered visitor is inside the school.
[Schools](#) · [Nurseries & kindergartens](#)

- 17 **Students in restricted areas**
Spot students on rooftops, in labs without supervision or in corridors during lessons.
[Schools](#)

- 18 **After-hours intrusion**
Detect people entering school grounds, dorms or labs after hours.
[Universities & colleges](#) · [Schools](#)

- 19 **Exam hall monitoring**
Flag phone use and unusual behaviour in exam halls for the invigilator to review.
[Schools](#) · [Universities & colleges](#)

● **USE CASES** · 26 (2/2)**Campus operations****7**

-
- 20 **Drop-off and pickup traffic**
Measure queues in the drop-off zone and flag double parking at the school gate.
[Schools · Nurseries & kindergartens](#)
-
- 21 **Dismissal crowding at gates**
Watch crowd density at gates during dismissal and open extra exits in time.
[Schools](#)
-
- 22 **Classroom and hall utilization**
See which rooms are used, how full they are and which sit empty.
[Universities & colleges · Schools](#)
-
- 23 **Library and study-space availability**
Show free seats in libraries and study areas in real time.
[Universities & colleges](#)
-
- 24 **Lab safety PPE**
Check goggles and lab coats in chemistry and engineering labs.
[Universities & colleges · Schools](#)
-
- 25 **Cafeteria queues**
Measure queue length and waiting time in cafeterias and canteens.
[Universities & colleges · Schools](#)
-
- 26 **Lights and AC in empty rooms**
Detect empty rooms with lights or air conditioning left on.
[Schools · Universities & colleges](#)

● TECHNICAL OVERVIEW

Video sources	NVR, DVR, RTSP streams and ONVIF IP cameras
Camera brands	Hikvision, Dahua, Uniview, Axis and other ONVIF cameras
Video formats	H.264 / H.265
New hardware	Not required: runs on existing CCTV
Dashboard	Web dashboard in Arabic and English
User roles	Administrator and user
Alerts	Live alerts with snapshot and event time; recipients and schedules per use case
Reports	Per branch, per camera and per use case
Multi-site	Map of all branches with live status
Custom rules	Models trained for your specific requirement

● HOW IT WORKS

01

Connect

Add your NVR or DVR, or an RTSP link. Cameras are pulled in automatically.

02

Draw zones

Mark the areas that matter on each camera image.

03

Set alerts

Choose who is notified, when and for which events.

04

Decide with data

Daily reports per branch, camera and use case.
