

Eagle Logistics

Warehouses, yards, ports & parcel hubs

Every truck, pallet and container, on time.

Eagle Logistics brings visibility to warehouses, truck yards, ports and parcel hubs. It logs trucks and containers by plate and number, measures turnaround and dock time, counts pallets and parcels, spots damage and jams, and keeps people safe around forklifts and heavy machinery.

● AT A GLANCE

Turnaround Gate-in to gate-out	Reads Plates · containers · labels	Safety Forklifts and people	Works in Yards · docks · ports · hubs
--	--	---------------------------------------	---

● KEY CAPABILITIES

From gate to dock

One timeline per truck: arrival, queue, dock, loading and exit.

Evidence for every claim

Damage, counts and timestamps are stored with images for carriers and customers.

Connects to your WMS

Events can be sent to your WMS, TMS or yard system through APIs.

Safety on busy floors

Near-misses, speeding and blocked exits are measured, not guessed.

● USE CASES · 24 (1/2)

Gates & yards

4

01 Truck arrival by plate

Log every truck at the gate by plate and match it with the booked slot.

Truck yards · Warehouses & DCs · Ports & terminals

02 Truck queue and waiting time

Measure queue length and waiting time outside the gate and on the access road.

Truck yards · Ports & terminals

03 Truck turnaround time

Measure each truck from gate-in to gate-out, by carrier and by dock.

Truck yards · Warehouses & DCs

04 Trailer doors open in the yard

Alert when a parked trailer has its doors open outside the loading area.

Truck yards

Docks & receiving

5

05 Dock occupancy

See which dock doors are free, busy or blocked, live.

Warehouses & DCs · Cold chain

06 Loading time per truck

Measure how long each truck takes to load or unload at the dock.

Warehouses & DCs

07 Pallet counting at the dock

Count pallets loaded and unloaded and compare with the delivery note.

Warehouses & DCs · Cold chain

08 Damaged goods at receiving

Spot crushed cartons and broken pallets as they arrive, with a photo for the claim.

Warehouses & DCs · Parcel & courier hubs

09 Cold-room doors left open

Alert when a cold-room or reefer dock door stays open too long.

Cold chain

Warehouse floor

6

10 Forklift and pedestrian near-miss

Detect people walking too close to moving forklifts and log every near-miss.

Warehouses & DCs · Cold chain

11 Forklift speeding

Measure forklift speed in aisles and flag drivers over the limit.

Warehouses & DCs

12 Blocked aisles and fire exits

Alert when pallets block aisles, fire exits or extinguishers.

Warehouses & DCs · Cold chain

13 Empty pick locations

Spot empty pick faces and rack positions so they are replenished in time.

Warehouses & DCs

14 Unsafe stacking and overhang

Detect pallets overhanging racks and stacks that lean or exceed height limits.

Warehouses & DCs

15 Pickers per zone

Count pickers in each zone to balance labour with order volume.

Warehouses & DCs · Parcel & courier hubs

Ports & containers

4

16 Container number reading

Read ISO container numbers at gates and cranes and match them with the manifest.

Ports & terminals · Truck yards

17 Container damage inspection

Capture and flag dents, holes and open doors on containers at the gate.

Ports & terminals

18 Quay crane move counting

Count container moves per crane per hour and spot idle time.

Ports & terminals

19 People near heavy machinery

Alert when people enter the working zone of reach stackers and straddle carriers.

Ports & terminals · Truck yards

Parcel hubs

3

20 Parcel counting on the sorter

Count parcels per chute and per hour on sorting lines.

Parcel & courier hubs

21 Conveyor jam detection

Detect parcel jams and pile-ups before the line stops.

Parcel & courier hubs

22 Unreadable labels

Flag parcels with missing, torn or unreadable labels for manual handling.

Parcel & courier hubs

Safety & security

2

23 **High-visibility vests in the yard**

Check vests and helmets for everyone walking in yards and on docks.

[Truck yards](#) · [Ports & terminals](#) · [Warehouses & DCs](#)

24 **Cargo theft and yard intrusion**

Detect people and vehicles in the yard after hours and near high-value cargo.

[Truck yards](#) · [Ports & terminals](#)

● TECHNICAL OVERVIEW

Video sources	NVR, DVR, RTSP streams and ONVIF IP cameras
Camera brands	Hikvision, Dahua, Uniview, Axis and other ONVIF cameras
Video formats	H.264 / H.265
New hardware	Not required: runs on existing CCTV
Dashboard	Web dashboard in Arabic and English
User roles	Administrator and user
Alerts	Live alerts with snapshot and event time; recipients and schedules per use case
Reports	Per branch, per camera and per use case
Multi-site	Map of all branches with live status
Custom rules	Models trained for your specific requirement

● INDUSTRIES

Logistics & ports

See it running on your own cameras.

Book a live demo and we will build the demo plan around your site and the problem you want solved.

● HOW IT WORKS

01

Connect

Add your NVR or DVR, or an RTSP link. Cameras are pulled in automatically.

02

Draw zones

Mark the areas that matter on each camera image.

03

Set alerts

Choose who is notified, when and for which events.

04

Decide with data

Daily reports per branch, camera and use case.
